LANGD200	Grain Dividers Set of 2	1

Pictorial Parts List

Preparation

1. Lift head and place feeder house safety lock in the locked position

1. Procedure

Refer to Figure 1.1 & 1.2

- 1.1 Remove the two metric screws from the bottom of the factory installed poly divider point. Slide divider out of the tube.
- 1.2 Slide (*LANGD200-1*) into the tube and line up the larger of the holes and reinstall the screw. The small screw will not be reused in the application.
- 1.3 Repeat on the other side.
